

Environmental Policy Statement

Our policy is to reduce the impact of the company's operations on the environment, through our Green Agenda initiative. The goal is to promote sustainability and reduce our Carbon footprint by:

- Complying with all applicable environmental legislation and sustainability commitments
- Improve environmental performance by continuous self-awareness of our activities with regards to the environment
- Reduce pollution, emission, and waste:
 - Waste Sourcing
 - Reduce Energy Consumption;
 - Temperature indoors
 - Lights
 - Hot Water
 - Transportation
 - Re-use / Recycling
 - Use of Electric Vehicle
 - Reduce the use of raw materials
 - Paperless office
- Incorporating energy efficiency measures into the company's facilities and promoting efficient energy use in all areas of business activity
- Promoting the use of remote online inspections and testing of equipment. This as an alternative to business travel
- Always consider the environmental impact of products, and supports the purchase of energy-efficient products
- Ensure our staff are aware of the environmental impacts of their work activities and encourage them to minimize those impacts.
- Assist our suppliers and customers to use products and services in an environmentally sensitive way
